The Explorer program has been in existence since the early 1970’s, and is affiliated with the Boy Scouts of America. The program takes young men and women, ages ranging from 14 to 21. Only young people from Mercer County are accepted into the Sheriff’s Office Explorer program. The Explorer program currently has 14 members. On average Explorers spend 75-100 hours per year in dispatch, 200-300 in patrol, as well as another 150-200 hours working various events: The Mercer County Fair, Celina Lake Festival, Mercer County Rib Fest, and many DARE activities.

BSSA COMMUNICATION VEHICLE “COMM 9 – 5400”
The Buckeye State Sheriff’s Association (BSSA) in cooperation with Ohio Emergency Management Agency banded together to build eleven interoperable communications vehicles for the state of Ohio. The communications vehicles were completely funded through a grant from the U.S. Homeland Security. Each BSSA vehicle fully equipped is worth over $400,000.00. The eleven BSSA communications trucks are strategically placed around the state of Ohio. Mercer County Sheriff’s Office houses one of the vehicles and personnel from the Sheriff’s Office are trained in its use and operations. Comm 9 is available upon request to all law enforcement, fire, EMS and EMA personnel in our seven county response area which includes Auglaize, Darke, Logan, Mercer, Paulding, Shelby, and Van Wert Counties in Ohio. Comm 9 is

PRESCRIPTION DRUG TAKE BACK INITIATIVE

Shortly after DEA’s first Drug Take-Back Day, Congress passed, and the President signed, the Secure and Responsible Drug Disposal Act of 2010. This new law amended the Controlled Substances Act (CSA), allowing DEA to develop permanent, ongoing, and responsible methods for drug disposal. Prior to the passage of the Disposal Act, the CSA provided no legal means for transferring possession of controlled substance medications from users to other individuals for disposal.

In 2018, the Sheriff’s Office participated in drug take back events, and continued the collection box located in the lobby at the Sheriff’s Office. Through these events and the collections box, just over 285.59 pounds of prescription drugs were taken in and eventually turned over to the DEA for destruction.
CITIZEN’S ACADEMY

In 2018, the Mercer County Sheriff’s Office graduated its fourth citizen’s academy. The classes took place from October 23, 2018 to November 15, 2018.

Citizens were from different backgrounds, age groups, and areas of Mercer County. The participants were provided with instruction that included classroom time, hands on demonstrations, and tours of the facility. The students were also given an opportunity to ride along with a patrol deputy, observed in Dispatch and Corrections, and shot at the firing range.

Sgt. Jay Wehrkamp is the Mercer County Citizen’s Academy Coordinator.
PROGRAMS, ORGANIZATIONS, & VOLUNTEERS
Fighting the Heroin Epidemic

The Sheriff’s Office continues to take an aggressive stance against Mercer County’s heroin problem. The Sheriff’s Office formulated a plan to attack the heroin issues with a three pronged approach. The three prong approach includes Enforcement, Education, and Treatment.

ENFORCEMENT

Enforcing heroin related crimes became a priority. The Sheriff’s Office assigned two deputies to the Drug Unit. The Sheriff’s Office also has partnered with the Celina Police Department and Coldwater PD and formed “HIT” (Heroin Interdiction Team). HIT is a quick strike force that concentrates on heroin users. The traditional Drug Unit (Task Force) concentrates on dealers, but all members work together with a common goal.

The Sheriff’s Office also uses its patrol division to work traffic drug interdiction. Several deputies are brought in on saturated patrol, and often work hand in hand with HIT.

EDUCATION

Sheriff’s Office Personnel have also attended numerous meetings and given presentations on the heroin problem and resources that are currently available, including presentations to our local schools.

An informational pamphlet was developed to give to inmates being released from the Detention Facility outlining local resources available in Mercer County.
TREATMENT

The Mercer County Detention Facility is an integral part of the treatment process. The Detention Facility is the central drug testing location for Mercer County’s Drug Court. In addition to testing for the Drug Court, the Detention facility drug tests & breath tests every person (who cooperates) that is booked into the facility. The Detention Facility ran 3,521 tests in 2018.

The Detention Facility continues to use the Pass Point ocular scan device. This device is a compliment to urinalysis testing. The results are instantaneous. The Pass Port ocular scan device is used on person(s) that are out on bond, on probation, participants in drug court, and inmates that are on work release. The Pass Port ocular scan device drastically reduces the need to use urine drug testing kits, which in turn saves on man power and expense.

In 2018, a total of 5,715 eye scans were conducted. Total number of eye scans that resulted in a urine drug test was 353, in which 23 failed the test.

The Detention Facility has contracted with Foundations Behavioral Health system to provide services such as male and female treatment programs, and intense one on one counseling while in the facility. Roberta Donovan serves as the Detention Facility counselor.

The Detention Facility also offers the following treatment programs:

Both male and female AA classes.

TREM- Trauma Recovery & Empowerment Model (for female inmates only at this time.) This is a manualized group intervention designed for trauma survivors with mental disorders. The goal is to allow members to acknowledge the impact of abuse while focusing their energies on developing techniques for enhancing their existing strengths for coping with current life events.

AAO- Against All Odds is held on Thursday evening. This is for both male and female inmates. This is facilitated by the Sheriff’s Office Chaplains Pastor Randy and Tricia Christian. Their desire is to share with the inmates that God’s love is greater than any sin or evil we commit. Time in jail can change lives for the better or for the worse and they hope to tip the scales in a positive direction for the inmates.

Brianna’s Hope - A Better Life: Brianna's hope is a participant driven, faith-based, and compassion filled addiction support and recovery group. Their mission is to provide hope through Christ to individuals and communities battling addiction using support, encouragement, and collaboration.

Male treatment program. This is held 3 days per week for 1 and ½ hour sessions. The class focuses on addiction issues, how the criminal mind works, and multiple other topics such as anger management, and their roles in the family.
Fatherhood program- The fatherhood program is an 8-week program offered to eligible fathers incarcerated in the detention facility. The program works on developing attitudes & skills for male nurturance. The goal is to help fathers become better parents, partners, and providers for their families.

Church Services- We have Church services for both male and female inmates on Sunday afternoon. We also have bible study on Monday morning.

Job and Family Services- Job and Family Services meets with interested inmates for re-entry services. They assist with writing resumes, job seeking, and mock interviews.

The oldest position in law enforcement is the Office of Sheriff. The roots of this job go back over 1,000 years to medieval England. As that country was starting to create an early form of government, the land was divided into shires, which we call a county. Originally the people of the shire chose one of their own to be their guardian and protector called a gerefa, a term later changed to the title of reeve. The words shire and reeve in time combined to become Sheriff. This duty was eventually appointed by the king to someone of his choosing.

In America, William Stone was the first Sheriff to be appointed and sworn into office in 1634. The first colonies had been firmly established and functioning on their own. A shire form of government was set up to replace the military command that had been governing.

A 1651 Virginia proclamation required that each county choose a Sheriff. The commissioners of Northampton County asked the people to elect their Sheriff which had not been done since medieval England. William Waters was elected and although it was not realized at that time precedence was set in motion that would be repeated in the future. Today all Sheriff’s in the nation, with the exception of 12, are elected and answer directly to the voters.

Before Ohio became a state, the position of Sheriff was appointed by the Governor. In 1788, Ebenezer Sproat was the first to be given that job in Washington County, which at that time covered all of eastern Ohio from Lake Erie to the Ohio River. Ohio became a state in 1803 and William Skinner was the first man to be elected for a Sheriff’s position which had a two-year term limit. That term limit was increased to four-years in 1936.

Ohio has 88 counties and the Sheriff is the chief law enforcement officer for each of those counties. His jurisdiction includes all municipalities, villages and townships within his country. Ohio law requires the Sheriff to preserve the public peace, serve court paperwork, operate and manage the jail, provide extradition services and transport prisoners.
History of the Sheriff’s Office & Jail

On December 29, 1825, the County Commissioners awarded Asa Hinkle a contract to build the first Mercer County Jail. In exchange, Mr. Hinkle received lots 31, 34, 37, 42, and 50, and also $150 in cash, with the settlement taking place on June 6, 1830. In 1833, the Jail was repaired by covering the door inside with sheet iron using large headed wrought iron nails, set four inches apart.

On July 1, 1842, a contract for a new jail was awarded to Gustavus Darnold. The jail, to be finished September 28, 1842, at a cost of $397, was partially paid in town lots. On March 4, 1849, the Commissioners ordered an addition to the Jail and debtor's room (a frame building) and awarded a $630 contract to H.L. Johnson. Contracts for plastering and ironwork were awarded to Levi Lips and Hezekiah Trenary, respectively.

On January 11, 1860, Valeau & Jacobs of Cincinnati, Ohio, received a contract to build a Sheriff's residence on the northeast corner of the Public Square for $5000. Plans called for a 38-foot 6-inch by 29-foot structure with a 22-foot 8-1/2 inch elevation to the top of the cornice. The structure was to be built of bricks with a stone foundation and covered with sheet iron.

In the spring of 1875, the Commissioners awarded a $25,000 contract to E.W. Wilson, Van Wert, Ohio, to construct a new County Jail and Sheriff's Residence according to the plans and specifications of T.J. Toland & Son, Delphos, Ohio. On March 8, 1876, the Commissioners ordered the Jail heated with steam and awarded a $935 contract to C. Buehler & Company, St. Marys, Ohio.

The old Jail was located at 125 W. Livingston St. in Celina. It was constructed in 1939 and cost approximately $41,000 of which Mercer County paid $23,000 with the balance paid with a federal grant from the Public Works Administration Program. Sheriff L.M. Davis moved into the Jail and Residence on August 4, 1939. On August 25, 1939, the old Jail on Courthouse Square was sold for $51 to Shartzer Wrecking & Excavating, Dayton, Ohio. Henry Lechner, Daniel Moeller, and A.E. Morrow were County Commissioners at this time.

Two major renovations/additions occurred at the old Jail and Residence. In 1966, an enclosed entrance ramp was added to the rear of the Jail and an enclosed porch to the residence. The largest addition/renovation occurred in 1973 when Sheriff W.C
Sunderhaus moved from the residence and the residence was converted to office space, holding cells, and a larger radio control room. A drive-through garage was attached to the west of the old Jail, adding security in transferring prisoners from cars. This addition/renovation totalled approximately $162,000 and was funded with a federal grant from the Law Enforcement Assistance Administration which covered 50% of the cost.

In April 1985, due to limited office space in the Jail, the County Commissioners purchased the Bair home, west of the old Jail’s location. Known as the Jail Annex, this structure contained the Sheriff’s Administrative, Enforcement, Civil, and Detective Divisions until January 2010.

In November of 2007, the voters of Mercer County passed a .5% sales tax to construct a new jail and sheriff’s office at a cost of $12,000,000. Construction for the facility, which is located at 4835 State Route 29, was completed in November of 2009. Architects for the project were Shremshock Architects of Westerville, with general contractors being Peterson Construction of Wapakoneta. Plumbing, Electrical and HVAC contractors were Ohio Plumbing of Coldwater, Sidney Electric and GM Mechanical of Covington, respectively.

On January 4, 2010 administration and dispatch moved into the new Mercer County Detention Facility, with prisoners and corrections staff following on February 28, 2010.
